Attention: Greg Keck, Operations Manager

RE: Radioactive Waste License-for-Delivery

Mr. Keck:

Attached to this letter is your Tennessee Radioactive Waste-License-for-Delivery number T-MD004-G22 issued with an expiration date of July 11, 2022.

Your license was issued with this expiration date, because a Certificate of Liability Insurance was presented to the Department with an expiration date of July 11, 2022. If you provide an updated Certificate of Liability Insurance for the entire calendar year of 2022 before your license expires, your license will be amended to reflect a new expiration date for the entire calendar year of 2022.

If a new certificate is not presented to the Department in a timely fashion, your license will expire on the above mentioned expiration date.

If we may be of further assistance, please feel free to contact me at (615) 532-0364.

Sincerely,

A handwritten signature in black ink that reads "Amy McKenna". The signature is written in a cursive, flowing style.

Amy McKenna  
Environmental Scientist 2  
Division of Radiological Health

TENNESSEE RADIOACTIVE WASTE LICENSE-FOR-DELIVERY

LICENSEE:

Ecology Services, Inc.  
9135 Guilford Road, Ste. 200  
Columbia, MD 21046

Delivery License Number: T-MD004-G22

Date of Expiration: July 11, 2022

Pursuant to Tennessee Department of Environment and Conservation Regulations, and in reliance on statements and representations made by the licensee in application dated December 28, 2021, with attachments, and a Certificate of Liability Insurance dated July 9, 2021, a license is hereby issued authorizing the licensee to ship radioactive material described below to a licensed disposal/processing facility within Tennessee. This license is subject to all applicable rules and regulations of the Tennessee Department of Environment and Conservation and orders of the Division of Radiological Health, now or hereafter in effect.

The license authorizes shipment of any radioactive material (except special nuclear material sufficient to form a critical mass) in any chemical and/or physical form and in a quantity not to exceed the possession limit of the licensed recipient.

The licensee is authorized to ship radioactive material from the facility located at:

3520 Fairfield Road  
Baltimore, MD 21226

into or within Tennessee to a disposal/processing facility that is licensed by Tennessee to receive such material.

The licensee shall comply with all applicable provisions of the regulations and conditions of the recipient facility's license.

Effective date of this license: January 11, 2022

Date: January 11, 2022

For the Commissioner  
Tennessee Department of  
Environment and Conservation
